BUSINESS COLLEGE PROFESSOR

HIGHER EDUCATION

Dedicated educator and finance executive with 4+ years at the University of New Haven, College of Business, teaching undergraduate and MBA courses in accounting, corporate finance, business ethics, and ESG. Utilize a case-based, student-centered approach, integrating 30+ years of fintech and healthcare experience to design engaging syllabi for online and onsite formats. Foster inclusive learning via Canvas and Zoom, earning a 4.5/5.0 teaching evaluation score and boosting student confidence in financial decision-making by about 85%. Mentor 20+ undergraduates per semester, preparing them for successful careers.

Southern Connecticut State University, CT | Adjunct Professor | 2026–Present

- Teaching undergraduate courses in financial accounting
- Designed and developed syllabi for hybrid courses tailored to 15-week formats, incorporating interactive simulations to increase student engagement. Courses are grounded in real-world industry scenarios to increase student participation.

University of New Haven, CT, College of Business | Faculty Member 2022–Present

- Teach undergraduate and MBA-level courses in managerial accounting, financial accounting, corporate finance, business ethics, diversity, strategic planning, and fundamentals of ESG.
- Employ a case-based, student-centered pedagogical approach that integrates real-world financial scenarios from 30+ years in fintech and healthcare to enhance critical thinking, with over 85% of students reporting improved confidence in financial decision-making.
- Design and develop syllabi for online and onsite courses, tailored for 7-week and 15-week formats, incorporating interactive simulations that increase student engagement.
- Utilize Canvas and Zoom to deliver dynamic hybrid and online instruction, fostering inclusive learning environments for diverse student populations.
- Advise 20+ undergraduate students per semester.
- Facilitate collaborative group projects to simulate corporate financial decision-making, enhancing teamwork and critical analysis skills.
